Letter of Recommendation for Bayway Catering, LLC

To Whom It May Concern:

It is my pleasure to recommend Bayway Catering, LLC to provide your facility with your daily delivered meals. Bayway has delivered quality meals to our facilities for over 5 years from 1/1/12 to 6/30/17 when we unfortunately had to discontinue services due to lack of funding.

Michael is courteous, personable and accommodating. He was responsive to any need we had and the residents loved the meals he provided.

I hope you have as successful a relationship as we had with this company.

Sincerely,

A handwritten signature in black ink, appearing to read "Donna Brightman". The signature is fluid and cursive, with a long horizontal line extending to the right.
